

Front doors

There is something reassuring about coming home to a traditional timber front door!

Our collection comprises twenty one different styles derived from designs and configurations of entrance doors typically found in period homes across the country.

The doors are available in a range of colour finishes or timber stains as detailed in the colour swatch card provided at the back of this brochure.

A selection of glazing options based on authentic Victorian stained glass motifs has been uniquely commissioned for the

range. These may be selected in a variety of colour palettes to compliment the door finish.

Each door is hung on robust, fully adjustable hinges that are colour co-ordinated to the handle and door threshold. Fitted with multi-point locking mechanisms to Association of British Insurers Approved standards featuring hook bolts and deadlock.

Ironmongery can be added as required including spy-holes, letter-plates, knockers and security chains.

Technical summary:
Hardwood, softwood or oak • multi-layer timber sections • fully drained and vented • internally beaded • high security multi-point locks • robust, adjustable hinges • door threshold colour co-ordinated to handle and hinges • factory glazed with argon gas filled sealed units comprising soft coat energy saving glass and warm edge spacer bars to give 1.1 W/m²K U-value • factory finished with preservative, primer and two coats of micro-porous paint.
